To: System Security Uplift RFP-26-0006 Participants

From: BlueForge Alliance (BFA)
3891 South Traditions Drive
Bryan, TX 77807

Subject: Forthcoming Revision and Extension

BFA has received several questions regarding teaming agreements, pricing structure, and conflict of interest since the Revision 1 posting. BFA is developing a revision to address all these questions and concerns more clearly. For general awareness, teaming agreements will not be authorized, and the pending update will separate Uplift and Certification into two separately priced and awarded level of efforts (LOEs).

Continue to monitor the website for Revision 2 and extension details.

All Q&A submissions will continue to use the [RFP-26-00006 Q&A Form](#).
